A Serious Accident.

Last Monday Luther Lowry of Fielding, was severely injured in an accident at that place which rendered him unconscious. He was riding a horse when an approaching steam threshing machine came along and frightened the animal which jumped side-ways throwing him off onto his head, the horse falling and rolling over him.

He was taken to his home and Dr. R. H. Dunn of Tremont summoned. After being in an unconscious condition for 18 hours he rallied and recognized his wife and those around him. He went into a swoon again for 18 hours.

He is now in a semi-conscious condition, suffering from concussion of the brain.

Dr. Dunn is doing all in his power to restore him to consciousness and it is hoped he will be successful.

MARKET REPORT.

Special to the Garland Globe:—

Kansas City Stock Yards, Oct. 15th, 1906.—As expected last week's cattle receipts were the heaviest of the season at this point. The run was 86,000 head, including 18,000 calves. Large numbers of country buyers were here and the general market advanced 5 to 15 cents during the week. Run today is 23,000 head, including 3000 calves, market strong, except on western cows and heavy calves. It is getting late in the season and most country buyers are about ready to lay in cattle for the winter's operations, so that a brisk demand from that source is assured for awhile. There is a shortage of hay in some localities, but as the corn crop is good nearly all over the feeding section, special pains is being taken to preserve the fodder where ever the hay crop is short. Continued high prices for hogs will insure a profit in feeding, even if cattle prices do not prove satisfactory. Stuff is coming from the range freely now, stockers and feeders mainly at \$8.00 to \$9.00, killing steers \$8.40 to \$4.25, Colorado cows \$2.65 to \$3.30, panhandle cows \$2.35 to \$2.85, canners and bulls \$2.00 to \$2.25, light calves \$4.75 to \$6.35, heavy calves \$3.25 to \$4.00.

Sheep run was smaller last week, 37,000 head, market higher on killing lambs and on country grades of sheep, muttons uneven. Demand for breeding ewes is so great that packers are invariably outbid on ewes, whether thin or fat. Run is 15,000 today, containing a large share of feeders, market strong to 10 higher. Some 65 lb Utah lambs sold at \$7.55 to day, the top on the general market, although some show lambs sold at \$8.50 to day. Fair to good lambs range from \$7.00 upwards, yearlings up to \$8.65, wethers \$5.20, ewes today at \$5.00. Choice breeding ewes sold at \$5.60 last week, bulk of breeding ewes \$4.75 to \$5.25, feeding wethers and yearlings \$4.75 to \$5.50, feeding lambs \$5.80 to \$6.15.

Indigestion

Stomach trouble is but a symptom of, and not itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop to the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and mallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

HAD BOYS' WELFARE IN MIND.

Andrew Carnegie Tells Why Family Left Scotland.

Andrew Carnegie was recently invited to attend the excursion of the old handloom weavers of Dunfermline, Scotland, his native town. He was unable to do so, but from Skibo castle he sent the following letter, in which he gave some reminiscences of his ancestors in the weaving town of Fiffe: "By inheritance I think I would be entitled to rank myself with that ancient and honorable guild, for my Grandfather Carnegie and father were weavers in the olden days and very proud of it. My Grandfather Morrison did not have the distinction, but he was a good shoemaker and thought there was 'nothing like leather.' Even upon my own account I should have some claim to membership in the old weavers' society, for I remember well I assisted in 'giving in' the threads to my father when he was 'putting in' his web, and a very proud boy I was in doing so. Well do I remember the morning that my father came home to tell mother that there wasn't a new web for him to get and the family council decided that we should sail for America, my mother saying: 'Not for our good, we could manage to get along here, but there will be more scope there for our boys.' So we set sail for the new land."

Too Long for Wang.

I have just received the following quaint story from a reader who is apparently unperturbed by the earthquake. A lady in San Francisco engaged a Chinese cook. When the celestial came, among other things she asked him his name. "My name," said the Chinaman, smiling, "is Wang Hang Ho." "Oh, I can't remember all that," said the lady, "I will call you John." John smiled all over and asked: "What is your name?" "My name is Mrs. Melville Longdon." "Me no memble all that," said John. "Chinaman he no savvy Mrs. Melville Longdon. I call you Tanny."—Tatler.

Wash Your Green Coffee.

How many housewives see to it that the green coffee purchased from the grocer is carefully washed before being roasted? I have known many otherwise careful housekeepers to empty the coffee from the parcel in which it was bought into the pan for roasting, never thinking that they are doing an unclean thing. Coffee is often dyed to give it a better color, and aside from this there is such a quantity of real dirt upon it that it really astonishes people who never washed it.
